Discussion & Conclusion of Resolutions:

1. Resolution 2018-33: 2019 Fiscal Year Budget

**Public Comment** 

Pursuant to ARTICLE IV, "Meetings", Section 5. Public Comment:

"The Board values input from the public. There shall be opportunity for comment by the public during the portion of the Board agenda designated for "Public Comment". Public comment shall be limited to no more than 3 minutes per person to allow all who wish to participate to speak. It is the policy of the Board that the Board shall not respond to public comment at the Board meeting."

"Only comments related to agency-related matters will be received, however such comments need not be related to specific items of the Board's agenda for the meeting. The Board shall not receive comments related to specific client matters and/or personnel grievances, which are addressed separately per Board policies and procedures."

Adjournment

# **Monthly Reports**

# Arc of the Lake Myrna Blaine

The Arc of the Lake's newsletter went out last week. If shopping on Amazon, check donation to Arc of the Lake. A learning lunch will be held in February covering ABLE accounts. Rusty will do a victimization presentation.

# Children's Learning Center (CLC) Susan Daniels

CLC has a few part time openings. A Missouri Accreditation was received for 3 years. The wine walk and run that was scheduled for November 3<sup>rd</sup> has been cancelled. CLC will be hosting a trunk or treat in the parking lot at 9:30 am on Halloween. By using Gerbes Rewards Plus card when grocery shopping, CLC receives monies quarterly. The next fund raiser will in Pizza for a Purpose in March of 2019. There was a good turnout at the ribbon cutting for the new playground. October 16<sup>th</sup> is Camdenton's Autism Proclamation Day.

# Lake Area Industries (LAI) Natalie Couch

September was a good month with a net income of \$31,344 and \$72,550 income year to date. Business is good, and workers are staying busy-In need of more employees. Drink sticks arrived, and LAI shipped out 200 cases a day for the last week in September - 6500 more cases to go. Currently, employees are working on the creamer shipment. LAI is receiving some local business contracts. A grant was received to purchase shredding containers. 20 LAI employees volunteered to help with Pumpkin Chunkin. Enough money was made on the sale of mums to cover the cost and remaining mums will be sold at a discount. Tumblers will be sold for our fundraiser.

# **Old Business for Discussion**

# • Transportation (Updates)

Deviated routes were modified October 1<sup>st</sup> and will be tweaked if necessary. Pickup and drop-off locations were established – it is a work in process.

# **New Business for Discussion**

# • Lake Area Housing Initiative

CCDDR received a grant from Missouri Association of Realtors to assist in covering the cost of a housing conference held on September 20<sup>th.</sup> Approximately 100 persons were in attendance including USDA, and city/county officials from Miller and Camden to discuss affordable and universal design housing.

### **September Support Coordination Report**

Caseload at September month end was 350. Presently, the agency is serving approximately 50% of potential number of I/DD residents in county, which is higher than the state average. The agency is still growing with new intakes. The Board is invited to the annual staff retreat on Wednesday.

Motion by Chris Bothwell, second Suzanne Perkins, to approve the report as presented

- Aye: Angela Sellers, Suzanne Perkins, Lorraine Russell, Chris Bothwell, Brian Willey, Lisa Jackson, Paul DiBello
- NO: None

### **September CARF Reports**

Turning plans in on time was down, quarterlies turned in on time, was up. Support Coordinators are doing a good job at establishing and maintaining relationships with clients. Last billing cycle had a pay of 97%. DMH TCM Quality Assurance review is next week.

Motion by Chris Bothwell, second Suzanne Perkins, to approve the report as presented.

Aye: Angela Sellers, Suzanne Perkins, Lorraine Russell, Chris Bothwell, Brian Willey, Lisa Jackson, Paul DiBello

NO: None

### **September Employment Report**

Competitive integrated employment numbers are steady and appears to be higher than national averages. Community employment is at 20-21%.

Motion by Chris Bothwell, second Suzanne Perkins, to approve the report as presented.

Aye: Angela Sellers, Suzanne Perkins, Lorraine Russell, Chris Bothwell, Brian Willey, Lisa Jackson, Paul DiBello

NO: None

### September Agency Economic Report

Total income is higher than projected as we are moving closer to budgeted allocations. CLC and LAI are doing well during the second half of 2018.

Motion by Brian Willey, second Suzanne Perkins, to approve the report as presented.

Aye: Angela Sellers, Suzanne Perkins, Lorraine Russell, Chris Bothwell, Brian Willey, Lisa Jackson, Paul DiBello

NO: None

# August 2018 Credit Card Statement

No Questions and a vote not necessary.

# **Discussion & Conclusion of Resolutions:**

• None

Budget Committee will meet November 19th, 2018, at 2 PM at Keystone

# **Closed Session:**

Motion by Lisa Jackson, second Brian Willey, to adjourn to closed session pursuant to section 610.02 RSMO, subsections 1, 5, 8 & 14. A voice vote was taken.

Aye: Angela Sellers, Suzanne Perkins, Lorraine Russell, Chris Bothwell, Brian Willey, Lisa Jackson, Paul DiBello

NO: None

Board Members returned from Closed Session

# Adjournment:

Motion by Suzanne Perkins, second Paul DiBello, to adjourn meeting.

Aye: Angela Sellers, Suzanne Perkins, Lorraine Russell, Chris Bothwell, Brian Willey, Lisa Jackson, Paul DiBello

NO: None

### October 2018

### **Budget Variance Report**

<u>Total Income</u>: During October of 2018, SB 40 Tax Revenues were lower than projected, and Services Program income was higher than projected. CCDDR recently filled one Support Coordinator vacancy and added a new Support Coordination due to caseload growth. The addition of 2 new Support Coordinators has improved billing the second half of the year.

<u>Total Expenses:</u> During October of 2018, overall SB 40 Tax program expenses were lower than budgeted expectations. Almost all other categories are lower than budgeted expectations. A noted overage is CLC services provided have greatly increased the second half of this year. Overall Services Program expenses were higher than budgeted expectations, which is mainly due to overages in Payroll and Benefits. Although not budgeted, CCDDR hired a new Support Coordinator the second half of this year to accommodate caseload growth.

January - October, 2018

# **Budget Variance Report**

<u>Total Income:</u> YTD SB 40 Tax Revenues are higher than projected, and Services Program income are higher than projected. Services Program billing was budgeted to occur three times in December 2017; however, there were only two billing cycles for that month. The additional billing cycle occurred in January; therefore, Services income reflects the additional billing period. The differences in billing period adjustments did not negatively impact variances on the final YTD budgeted net income versus the actual net income at YE 2017.

<u>Total Expenses:</u> YTD overall SB 40 Tax program expenses were lower than budgeted expectations with variances (savings) in all categories except CLC and Special/Additional Needs expenses. Funding was approved for the re-surfacing of the CLC playground; however, the funds will be reimbursed to CCDDR after DNR submits the approved grant funding to CLC. CLC has also increased services provided during the second half of this year. Funding was also approved for residential services for a client awaiting Medicaid approval and Waiver slot issuance (in Special/Additional Needs category). Overall Services Program expenses were lower than budgeted expectations in all categories.

# Resolution 2018-33

# CAMDEN COUNTY SB40 BOARD OF DIRECTORS RESOLUTION NO. 2018-33

# FISCAL YEAR 2019 BUDGET

**WHEREAS,** Sections 205.968-205.972 RSMo and subsequent passage by Camden Co. voters of the Senate Bill 40 enabling legislation in August of 1980 allows for the business, property, affairs, administrative control, and management to rest solely with the Camden County SB40 Board of Directors (dba Camden County Developmental Disability Resources).

**WHEREAS,** Section 205.968, Paragraph 1, defines the Camden County SB40 Board of Directors (dba Camden County Developmental Disability Resources) as a "political subdivision" of Camden County.

**WHEREAS,** Chapter 67 RSMo outlines specific requirements for a political subdivision's budgets and also requires that a Fiscal Year Budget for the following year must be approved and recorded by a political subdivision.

## NOW, THEREFORE, BE IT RESOLVED:

1. That the Camden County Senate Bill 40 Board (dba Camden County Developmental Disability Resources), hereafter referred to as the "Board", concludes that the Executive Director has proposed a 2019 Fiscal Year Budget to the Budget Appropriations Committee; the Budget Appropriations Committee has reviewed and approved the 2019 Fiscal Year Budget for final review and approval by the Board; the 2019 Fiscal Year Budget shall allow the proper business of the Board to be conducted with the best possible practices and in compliance with law; and so that appropriate expenditures can be negotiated and authorized within the guidelines of the budget.

**2.** That the 2019 Fiscal Year Budget, which is identified in Attachment "A" hereto, shall be adopted as a result of the passage of this Resolution.

**3.** A quorum has been established for vote on this resolution, this resolution has been approved by a majority Board vote as defined in the Board bylaws, and this resolution shall remain in effect until otherwise amended or changed.

# CamdenCounty Senate Bill 40 Board dba Camden County Developmental Disability Resources (CCDDR) Budget Summary FY 2019 Budget

## **Budget Overview**

## Income

Tax Levy Revenue is expected to increase only slightly in 2019. The increase in 2019 budgeted Tax Levy Revenue compared to the 2018 budgeted Tax Levy Revenue is estimated to be approximately 1.14%. Exact billings were unavailable from Camden County at the time the budget was produced; therefore, tax revenue was based on the most recently published Camden County Assessor's projection.

Targeted Case Management (TCM) Revenue will fluctuate with the number of total caseloads; however, total caseload counts are projected to stabilize. Caseload was originally projected to be minimal in 2018; however, growth continued at a rate of approximately 6%. CCDDR currently serves approximately 50% of the estimated I/DD population in Camden County, which is higher than the 36% average statewide. It is not anticipated there will be much caseload growth in 2019; however, a continued growth rate of 6% is quite possible. The current TCM rate is \$8.64 per unit (5 minutes), which is \$103.68 per hour. The Department of Mental Health, Division of Developmental Disabilities (DMH/DD), has now created an online TCM cost per unit reporting database. DMH/DD contracted with PCG Consultants to create the annual reporting program and to train TCM entities on how to complete the annual reporting. The realization that annual TCM cost per unit reporting has been submitted incorrectly in the past has come to fruition. The positive discovery is that several entities (CCDDR not included) have not reported all expenses related to TCM programs; however, the negative discovery was that expenses related to case management provided to Medicaid ineligible clients were misrepresented or not reported. The United States Office of Inspector General (OIG) audited Missouri's TCM unit rate and discovered the state did not follow the appropriate guidelines for determining the annual TCM rate; therefore, DMH/DD began reviewing its practices on rate determination. In 2014, the TCM cost per unit determination based on the annual reports reflected a statewide cost to provide TCM services at \$6.79 per unit, which is only \$81.48 per hour. 2015 annual reporting reflected almost identical amounts. 2016 annual reporting was due 9/29/17; however, results have not yet been provided. If the current rate is not justified, DMH/DD has the option to reduce the rate, which will be a major impact on TCM entities' financial stability. If this were to occur, the estimated reduction of TCM income could be as much as 20%. The possibility that the TCM rate will reduce at some point is a looming possibility; however, there is hope the rate adjustment will not occur until 2025. Several TCM entities were required to eliminate conflicted TCM programs as a result of the HCBS Final Rule, which means provider agencies cannot provide TCM and direct support services to the same individuals. This required TCM entities to either create new entities or terminate their TCM relationships with clients, which should increase the cost per unit averages.

In 2017, the TCM Contract allocation calculation, aka "cap", in the contract with DMH/DD was changed to 35 caseloads per Support Coordinator with the maximum billable hours set at 120 per month. DMH/DD's review of billed TCM claims is determined quarterly and finalized at the end of the State Fiscal Year. It is anticipated CCDDR will exceed this "cap" when the final State Fiscal Year totals are provided, which is usually in June or July. Current State budget woes are consistently prompting demands for cuts from each State department, which could ultimately impact DMH/DD's ability to pay

for TCM services. In State Fiscal Year 2018, the approved State budget was lower than the projected total TCM Contract allocation calculation. Efforts are underway to seek support for supplemental requests to cover future budget shortfalls; however, there is no guarantee supplementals will be approved. It is entirely possible CCDDR could owe more than the final calculation derived from the allocation formula if the total amounts billed by TCM agencies statewide is significantly higher than the approved State TCM budget.

DMH/DD's requirement to provide Support Coordination services to individuals not participating in the State's Medicaid or other State-only funded programs was discontinued in 2018. TCM entities have the option to continue providing services if they so desire. CCDDR continues to provide services to individuals not eligible to receive Medicaid or State-only funded services. CCDDR began separating Medicaid TCM and non-Medicaid TCM services and associated costs in 2017. Non-Medicaid TCM service units are paid from the SB 40 tax funds at the same rate as Medicaid TCM service units.

# Expenses

With the adoption of the Proprietary Funding Accounting System, Enterprise Fund Accounting Principle, in 2012, the Agency has embraced specific restricted equity funds to account for expenses on an ongoing basis. Specific funds will be restricted by the Board on an annual basis by two measures:

- 1. Specific expense accounts savings categorized by the Board in prior fiscal years will be recorded in current and future years to offset expenses incurred as a result of delayed billing or surplus funds to be utilized for the specific restriction criteria.
- 2. Expense accounts savings not categorized or re-categorized by the Board from positive cash flow in prior fiscal years by the Board will be recorded in current and future years to offset general operational costs, unanticipated changes in system deliveries negatively impacting budgeted items, expand programs or resources, make major purchases, or supplement the Agency's operational reserves requirements as needed.

These measures were implemented to prevent the over-commitment of Board funds and to continually account for actual remaining (if any) restricted fund balances that were identified for specific services or expenses. Expense accounts have been created to offset costs that were identified in a previous Fiscal Year so that current Fiscal Year line items are not exceeding approved totals and to identify surplus carryover for those additional expenses.

Traditional Medicaid Match expenses from prior years were scrutinized and significantly reduced by the Board between 2012 and 2014 so Tax Levy Revenue could be used for services and programs identified in Camden County as needing the funds to sustain or expand needed operations and to create new programs needed within the county. As a result of this proactive measure, the Board has been able to re-establish an acceptable Operational Reserve Fund and has been able to successfully maintain restricted funds accounts. Once the 2018 year-end unaudited financials are determined to be finalized, excess cash available, if any, will be identified and restricted appropriately by the Board. In 2016, CCDDR notified DMH/DD that the agency wished to terminate contributions to Traditional Medicaid Match contributions. In June of 2017, the Traditional Medicaid Match Agreement was terminated. The monies allocated for Traditional Medicaid Match expenses have been utilized in other expense categories.

At the beginning of 2012, there were approximately 140 individuals receiving TCM services from the Board. By year-end 2018, it is projected there will be approximately 350 individuals receiving services

from the Board. As stated earlier, caseload counts in 2019 are projected to stabilize and growth is projected to be minimal. Measures have been implemented to offset reduced billings in the event service revenues do not aspire to the levels anticipated. Medicaid eligible clients peaked at 87% in 2015; however, the eligibility percentage reduced to 83% at the end of 2016. Significant efforts were undertaken by CCDDR staff in 2017 to assist individuals in Medicaid redeterminations, which has helped increase the Medicaid percentage to at or above 85% in 2018. Efforts to assist individuals maintain Medicaid eligibility will be ongoing.

There are currently 19 employees working for CCDDR, and another Support Coordinator is expected to be hired in 2019, bringing the employee total to 20. In 2017, salaries were adjusted and equalized with agencies of similar size so that employment retention and attraction could be increased. An analysis in 2016 indicated that 11 of the 18 staff positions at CCDDR were comparatively less than the averages of agencies with similarly sized budgets and statewide averages. The aforementioned positions represented 62% of CCDDR's current workforce. Another analysis is expected to occur in 2019, with ongoing analyzations to occur every three years.

According to the Bureau of Labor Statistics, the Consumer Price Index showed a 2.3% increase for the 12 months ending September. It is recommended that a 2.3% cost of living adjustment for employees be implemented in January of 2019. It is also recommended merit increases be implemented in 2019 since there were no merit raises implemented in 2018 and budget forecasts are favorable for supporting the increases in pay.

# New Programs and Agency Developments

The Housing Voucher Program (HVP) was launched in January of 2014. This program still appears to be the only one of its kind for Senate Bill 40 Boards in the State of Missouri. The program was architected based on the Section 8 Choice Voucher Program as administered by the United States Department of Housing and Urban Development (HUD). Eligibility and guidelines for participation are similar to the HUD Section 8 Choice Voucher Program; however, there are also certain distinct differences relative to the characteristics of Camden County I/DD clients and their families. Funding for the HVP comes from the SB 40 tax funds and only those Camden County residents who are eligible for and participate in TCM services eligible for participation. There were 25 vouchers authorized at the end of 2018.

The Keystone property was purchased in July of 2014 and was intended to expand the operations of LAI and/or expand services available to Camden County clients. LAI eventually declined to use the property and its 5,000 square foot facility, which provided other possibilities for usage. Over the past four years, the Board restricted funds for improvements to the new facility and the Camdenton TCM office. These improvements began in 2017 and will continue throughout 2019. A new roof system was installed at the 5,000 square foot Keystone facility and renovations to its front office portion were completed. New carpet was installed in the main area of the building, which is where trainings, activities, and Board meetings are held. There are approximately three acres on the property which could also be used for additional structural development. The front office portion of Keystone is currently leased to OATS. The monthly lease cost is waived so long as OATS continues to provide transportation services to CCDDR clients; however, OATS reimburses CCDDR for utility expenses.

CCDDR will be committing a great deal of time, effort, and resources to the further development of community employment and transportation programs in 2019. CCDDR successfully established a Transportation Task Force in 2016, which included multiple community partners working on a truly

"public" transportation system, and led to the creation of a new non-profit entity called Lake of the Ozarks Transportation Council (LOTC). The LOTC is comprised of Miller and Morgan County SB 40 representatives as well as CCDDR, OATS, Central Ozarks Medical Center, and other community stakeholders. CCDDR also helped to fund an extended weekday and weekend transportation system in 2017, which operates seven days per week. CCDDR's intention is to fund the expansion of public transit routes, with expansion efforts centered around CCDDR clients. Enhancing public transportation will increase CCDDR clients' opportunities to access their communities. Utilizing the Section 5311 rural and inter-city public transit service funding match (50% of the service cost) available to OATS through Federal Transit Authority funds is more economical and increases service availability as well as creating a service which is truly community-inclusive. Approximately 71% of working-age CCDDR clients do not drive, are not able to drive, or do not have a reliable vehicle. Lack of transportation continues to be the most significant barrier to competitive integrated employment and community inclusion.

Since DMH/DD has now successfully adopted and established viable community employment support programs, a more intuitive approach and an aggressive concentration of efforts will continue to be focused on establishing new community partnerships, educating clients and their families, educating the community, seeking alternative sources for funding, and increasing client social capital. CCDDR is partnering with the Missouri Inclusive Housing Corporation, local developers, local builders, investors, and other community stakeholders to develop a housing initiative to promote and adopt the development of universal housing design concepts. Accessible and affordable housing continues to be an issue in Lake Area communities. The ultimate objective in all collaborative endeavors will be to increase successful community inclusion outcomes.

# **Challenges**

The expansion of current programs, expansion of services, development of new programs, and investment in new programs will have its challenges. Success will depend on client, provider network, political, business, and general public support. The Center for Medicare and Medicaid Services published final rules in 2014 about organizations offering TCM services, direct support services, and other services (conflict-free case management). It has been determined CCDDR is considered "conflict-free". TCM entities are also now charged with the duty of enticing more choices for services and service providers to their areas if the area is lacking. Recent involvement, lawsuits, and published guidance by the United States Department of Justice cite the need to affirm individuals with disabilities' Civil Rights are acknowledged. Coupled with increased State budget woes, this will add anxiety to an already stressed service support network. CCDDR is taking aggressive steps to improving services for its individuals; however, the uncontrollable and unpredictable political and fiscal climates along with the uncertainty of Federal translations of new laws, rules, and guidelines may delay or hinder new programs and ventures from evolving.

TCM program funding will be contingent on any change in or final determination of the TCM rate. If there is a significant reduction in the TCM rate, CCDDR's operations will be affected monumentally, and tough decisions will need to be made in order to continue to preserve CCDDR services. Missouri is also convening multiple workgroups to research the development of a managed care system for long-term services and supports (LTSS). DMH/DD, the Missouri Association of County Developmental Disabilities Services (MACDDS), and the Missouri Association of Rehabilitation Facilities (MARF) have created the Business Acumen Work Group to explore managed care system development. CCDDR is a member of MACDDS, and there are direct support providers in Camden County who are members of MARF. The development of a managed care system for LTSS appears to be inevitable at some point in the future. If implemented, TCM services would be included in a managed care system, and the impact the managed care system would have on CCDDR's TCM program are uncertain.

Funding agreements with Lake Area Industries and Children's Learning Center will remain concentrated on the purchase of services and/or supports (POS) instead of financial performance projections. The POS agreements identify service and/or support rates payable after the services and/or supports are rendered. This will allow both agencies to have flexibility in managing their operations in the event unanticipated challenges arise during the year. The POS agreements will also provide funding to the agencies if the need or demand for services increase to levels not anticipated and will promote new or additional services and/or supports to existing or new eligible clients . The POS agreements will not have maximum funding amounts established; therefore, CCDDR will be subject to the risk of funding the agencies in amounts which will exceed the budgeted expectations.

Since the beginning of 2012, the total number of CCDDR clients has increased by 150%, but annual SB 40 tax revenues have only increased an average of 1.7% each year. It is very likely CCDDR will struggle to meet the increasing demands for services and supports. CCDDR continues to provide and fund a substantial amount of services and programs for its clients; however, funding capacities will eventually become stressed. The FY 2019 Budget is aggressive and could easily be affected by a multitude of uncontrollable circumstances.

# Link to Strategic Plan

The Fiscal Year 2018 Budget is a representation of our Agency's Strategic Plan. The Agency is aggressively pursuing new program development, service expansion, and successful community inclusion outcomes for its clients. Our Agency intends to set the precedence for rural, "grass-roots" support system development, improving local support service availability, and recognizing the special needs of our individuals and their families when associated expenses are not offset through other programs or statewide budget cuts, while at the same time acknowledging individuals' and families' rights.

Respectfully Submitted,

Ed Thomas - Executive Director
