# **Eligibility**

Camden County Developmental Disability Resources is authorized to provide programs and services which assist Camden County persons with developmental disabilities.

A developmental disability is defined as a long-term condition which:

- Significantly delays or limits functioning in two or more areas of major life functioning (i.e. self-care, communication, learning, decision-making, capacity for independent living, mobility)
- Is attributable to such conditions as an intellectual disability, cerebral palsy, head-injury, autism, epilepsy, or any other similar physical or mental impairment
- Which is manifested before the age of 22
- Which is considered to be life-long in nature

The Missouri Department of Mental Health, Division of Developmental Disabilities, determines if a person is eligible to receive state provided services.

The Division of Developmental Disabilities (DD), established in 1974, serves a population that has developmental disabilities such as intellectual disabilities, cerebral palsy, head injuries, autism, epilepsy, and certain learning disabilities.

The Division's Mission is to improve lives of Missourians with Developmental Disabilities through supports and services that foster self-determination.

## Mission

We provide persons with developmental disabilities the necessary tools to achieve self-determined lives, while ensuring quality services.

## **Our Core Values**

We believe that our community thrives when all individuals become capable of participating in the spectrum of community life.

We respect and promote the recognition of individual dignity and self-worth.

We promote accountability to taxpayers with respect to the prudent use of tax funds and accountability to clients and family members with regard to the effectiveness and quality of services funded and/or provided.

We promote the concept of individual self determination in planning and implementing services.

We recognize the value and synergy of partnering with affiliated agencies in working to better the lives of persons with developmental disabilities.

### Who We Are

CCDDR is a political subdivision of Camden County, Missouri created in August of 1980 when voters in Camden County approved passage of state enabling legislation commonly referred to as "Senate Bill 40". The agency is authorized by Sections 205.968-205.972 of the Revised Missouri Statutes to provide for the needs of Camden County citizens with intellectual and developmental disabilities in areas of employment, residential, and related services.

CCDDR is guided by a nine-member Board of Directors appointed by the Camden County Commission to serve three year terms. The Board of Directors consists of a cross-section of parents and family members of persons with developmental disabilities, educators, professionals, and other members of the community who act as advocates for our county's citizens with intellectual and developmental disabilities.

Board Meetings, which are open to the public, are generally held on a monthly basis; however, a monthly meeting may be cancelled or rescheduled in extraordinary circumstances. Any meeting falling on a holiday will be rescheduled, and other meeting days/times may be subject to change from time to time. Please check the CCDDR website or call the CCDDR office to confirm the date and time. Each meeting includes opportunities for public comment.

# **Targeted Case Management Program**

In 2006, CCDDR began the development and implementation of a Targeted Case Management (TCM) program in conjunction with the recognition of a rising population of eligible clients residing in Camden County and a growing need for localization of State-provided TCM services. After development, CCDDR was successful in procuring a TCM contract with the Missouri Department of Mental Health, Division of Developmental Disabilities, and became the recognized local provider of TCM services.
